The USDA Forest Service uses the most current and complete data available. GIS data and product accuracy may vary. GIS products for purposes other than those for which they were intended may yield inaccurate or misleading results. The Forest Service reserves the right to correct, update, modify or replace GIS products without notification.

Land status is correct as of August 8, 2017. Subsequently land may be acquired or exchanged. Any acquired lands will be managed in accordance with the management prescriptions for the area within which they occur. Designations do not apply to private lands.
